CLEARWATER®

clearwaterbaths.com

June 2022

For over ten years Clearwater have been hand-crafting a stunning range of luxuriously designed, freestanding baths and coordinated basins. Our passion is to bring to life statement pieces that satisfy all tastes in both modern and traditional styling, across a wide range of sizes, including ones to fit the smallest of spaces with a range of coordinating basins.

MODERN	06
TRADITIONAL	36
BASINS & BRASSWARE	44

Teardrop Grande ClearStone bath shown with Hoxton floorstanding mono bath shower mixer in Matt Black

Our baths blend elegant design with perfect function to add beauty to your home. Whilst almost all our stone baths are freestanding, the Patinato back-to-wall design offers a uniquely different concept, mixing fashionable styling with practical space saving installation. Equal design attention has been given to the coordinated range of Hoxton mixers, available in three finishes of Chrome, Matt Black and Brushed Brass.

Begin your stunning bathroom design here.

ClearStone

This unique material allows us to craft baths with delicate rims and softer profiles. It has a gloss finish that is scratch-resistant and hardwearing. In the event of minor scratches or chips, Clearstone can be repaired.

The Formoso collection is also available in Matt finish.

Natural Stone

This material gives the bath a heavier and more solid appearance but with a soft, velvety-satin touch. Baths in Natural Stone come with an integrated overflow (except Lonio).

Wash basins

Several of our contemporary baths have a matching countertop washbasin for a coordinated look. Whilst our traditional designs can be paired with a roll-top washbasin mounted on a stainless steel stand.

Installation

To ensure your bath reaches you in perfect condition, the bath is individually boxed and is supplied within a unique synthetic bag that allows the installer to perfectly position it in your bathroom.

Traditional *bath & basin taps*

If you would like the black variation of tap handles, simply add BLA to the end of the code. Example code CL1 BLA.

For full details see our Burlington Brochure.

Traditional Screw Down Options

All our taps (except Kensington) are available with traditional screw down valves. For 'Screw Down' simply remove QT to the product code. Example code CL15.

Traditional Screw Down

Quarter Turn

Standard

To turn your standard taps into taps with regent bases, simply add 'R' to your code. Example shown below AN1.

Regent

Regent tap bases have been designed so that the spouts are 30mm higher off the bath/basin than their equivalent name sake. Example shown below ANR1.

Anglesey

Add AN to the start of the code.

Claremont

Add CL to the start of the code.

Birkenhead

Add BI to the start of the code.

Kensington

Add KE to the start of the code (Quarter Turn Only).
