THE WORLD'S FINEST RANGE OF BATHROOM FITTINGS

PERRIN & ROWE®
MAYFAIR LONDON

THE PERRIN & ROWE BATHROOM COLLECTION

“THE WORLD’S FIRST 3 IN 1 TAP, USING
GROUNDBREAKING TECHNOLOGY, THIS
PRODUCT MADE THE INDUSTRY SIT UP
STRAIGHT AND LISTEN ”

DAVID COLE - SALES DIRECTOR - PERRIN & ROWE

FROM HUMBLE BEGINNINGS

AND IT ALL STARTED IN AN OLD GARDEN SHED...

Established in 1978 by Bob Perrin and Greg Rowe, the company started life in a large barn in Bob's back garden in East London, engineering and manufacturing components for other brassware companies.

Early on in the 1980's, Perrin & Rowe obtained a reputation as excellent problem solvers and accomplished engineers, we expanded and acquired our first factory in Rainham, Essex. Now we could really start to develop our own products, not just components for other companies.

The world's first tap containing Triflow Technology was invented and patented in 1991. A three way tap that dispensed hot, cold & filtered water. Quickly becoming an established market leader and within a few years was selling around the globe.

WORKSHOP IN EAST LONDON

LEFT

A WORLD FIRST - BRANDED 'ATRIFLO', THIS WAS THE
GROUNDBREAKING CONCEPT THAT HIT THE MARKET IN 1991

ABOVE

BOB PERRIN WAS A MASTER DRAFTSMAN USING THE LATEST
AUTOCAD COMPUTER SYSTEMS

Having established a reputation for excellence and quality, Bob Perrin & Greg Rowe were now keen to expand their own brand and in 1993, the first Perrin & Rowe kitchen products started to roll out of our factory.

A natural progression of the success achieved within the kitchen industry led us to develop and produce the first range of bathroom brassware in 1995. It was clear that the UK market had been waiting for products such as ours, with timeless, beautifully proportioned designs, considered function and lifelong quality all built in. It also became obvious that other markets desired these qualities and an exclusive distribution deal with Rohl in the US quickly brought Perrin & Rowe fittings to an overseas market craving English tradition and excellence. Australia and New Zealand followed and all these relationships are still going strong today.

ABOVE

SCREW CUTTING WASHER PLATES FOR A CUSTOMER

By the millennium, it was evident that Perrin & Rowe had outgrown their current factory and we moved to a huge 55,000 sqft facility in 2003, enabling us continued growth for years to come. In a few short years, the Company also acquired premises in the Midlands to secure the casting, polishing and plating processes, and also a production facility to allow the launch of our own Sanitary ware range.

Today, Perrin & Rowe is the largest independent manufacturer of authentic kitchen and bathroom products in Great Britain, employing over 140 people. We have redefined the market needs for classically British decorative brassware and managed to keep skilled manufacturing jobs here in the UK.

With factories in Tamworth, Rainham and Wolverhampton, all Perrin & Rowe products are manufactured from raw materials by our skilled team of engineers. With an ongoing commitment to preserving skillsets, we offer a number of apprenticeship schemes with an emphasis on teaching participants the engineering skills required to manufacture the high quality products offered by Perrin & Rowe.

PERRIN & ROWE TODAY

THE FUSION OF FUNCTION
AND BEAUTY; DURABILITY
AND DESIRABILITY

The strength of the Perrin & Rowe brand is built upon a clear understanding of the requirements in the luxury sector: product reliability, durability, quality and real value for money. Renowned for our unrivalled quality and an exacting attention to detail, our wide and varied product portfolio includes kitchen taps, bath and basin brassware, bathroom accessories and bathroom chinaware, all designed and manufactured in our own UK factories.

Perrin & Rowe products are outstanding examples of design excellence combined with cutting edge precision engineering. Our products are not mass produced; instead we concentrate on perfecting each individual product by controlling each process to our own exacting standards.

Our reward - Perrin & Rowe products have consistently been specified and installed in the most stunning and luxurious hotels, resorts, spas and private residences around the world.

THE PERRIN & ROWE
PROMISE

All products are manufactured in the UK from the highest quality raw materials available.

Inspired by innovation and driven by engineering excellence.

Manufactured employing the latest available technology.

Plated to a thickness that exceeds the industry standards. This additional plating will ensure a deep, protective coating that is resistant to wear and tear as well as pleasing to the eye.

Assembled by hand and individually water tested to ensure peace of mind.

Made to include bearing rings and engineering 'O' seals on handles and spouts to ensure maximum durability. This feature prolongs the service life of the product and gives Perrin & Rowe products a stable "Wobble free feel".

Containing ceramic disc valves supplied by the world's leading ceramic valve manufacturer. Valves are repeatedly tested up to 500,000 life cycles, (turned on and off with pressurised water), this equates to at least 25 years of use in a domestic installation.

Specifically manufactured for each market. No additional adapters or converters are required for installation.

SHOWER

PRECISION MACHINED IN A SINGLE PROCESS BY ADVANCED CNC TECHNOLOGY AND ENGINEERED FROM SOLID BRASS, THE AVERAGE PERRIN & ROWE SHOWER VALVE WEIGHS IN AT 3KG. NOT, WE CAN ASSURE YOU, SOMETHING TO BE TAKEN LIGHTLY. PERRIN & ROWE SHOWER VALVES ARE AVAILABLE AS EXPOSED OR CONCEALED DESIGNS. SHOWERING SPACE NO OBJECT? THEN IT HAS TO BE A MAXIMUM IMPACT, EXPOSED VALVE. NEED MORE ELBOW ROOM? THEN CHOOSE A CONCEALED VALVE, WITH ALL PIPEWORK HIDDEN IN THE WALL.

SHOWER

PERRIN & ROWE SHOWERS ARE THERMOSTATICALLY CONTROLLED BY A HIGHLY ACCURATE WAX CARTRIDGE. A PRE-SET, MAXIMUM TEMPERATURE OF 38°C MINIMISES THE RISK OF A SHOWER BEING TOO HOT, OR WORSE, SCALDING AND IN THE UNLIKELY EVENT OF YOUR HOT OR COLD WATER SUPPLIES FAILING, A SHUT OFF DEVICE WILL AUTOMATICALLY ACTIVATE. SHOWER VALVES ARE AVAILABLE AS CONCEALED OR EXPOSED DESIGNS; CHOOSE AN EXPOSED VALVE FOR MAXIMUM IMPACT, FOR SMALLER SHOWERING AREAS, OPT FOR A CONCEALED VALVE WITH AN OCTAGONAL PLATE, WHERE THE VALVE'S PIPEWORK IS HIDDEN IN YOUR BATHROOM WALL.

THE KITCHEN COLLECTION

DISCOVER

The Perrin & Rowe Kitchen Collection offers a multitude of design and styling options. Choose a sleek Orbiq, Oberon or Io from the contemporary range; opt for the timeless form of a Phoenician, Minoan or Ionian from the Traditional Collection or go for rustic style with a Picardie, Provence or Alsace from the Country Collection.

Enhance your tap with a stand-alone, patented rinse, then customise your tap to suit. An alternative spout; crosshead handles rather than levers? Wall mounted rather than surface mounted fixings? Handles to match your work surface? No problem – it's your tap and most importantly, it's your choice.

Manufactured exclusively in our own factories in the UK and assembled by hand, all of our kitchen taps feature ceramic disc valves and are individually tested.

THE SINK COLLECTION

FIRECLAY SINKS

Each Perrin & Rowe fireclay sink is lovingly created by Shaws of Darwen using time honoured traditional methods and materials, bearing testament to the craftsmen who produce them.

STANDARDS & QUALITY

ACCREDITATIONS

For your reassurance, every piece of Perrin & Rowe brassware is engineered from approved materials to exacting standards and hand-assembled within an ISO 9001:2008 accredited, quality assured environment. Recognised all over the world for its stringent, detailed standards and attention to processes ISO 9001:2008 approval is a true mark of international quality.

Perrin & Rowe believes in upholding the international standards required wherever its products are sold. Our international approvals include WRAS, KIWA UK, UPC, NSF and the Australian Watermark Standard.

All of our products are designed to comply with the requirements of the Water Supply (Water Fittings) Regulations 1999 for England and Wales, the Water Byelaws 2000, Scotland and the Water Regulations Northern Ireland.

Many have been independently tested and verified by either Kiwa UK or WRAS, to check a specific product, or for all current listed products please contact us.

Should you have any concerns or queries about your Perrin & Rowe brassware, we will be only too pleased to help. We operate a dedicated aftersales and technical advisory service, so if you have a question, just ask us.

TCL Manufacturing Ltd. operates a programme of continuous product design, development and improvement. As such, TCL Manufacturing Ltd. reserves the right to change and update it's products without notice. Whilst we have made every attempt throughout this brochure to use imagery that is faithful to product form and finish, variations resulting from photographic lighting, print and reproduction cannot be avoided.
